

Name: Andreja Malus

Country: Slovenia

Institution: UL – University of Ljubljana

Role: Researcher

Email: [andreja.malus@fs.uni-lj.si](mailto:andreja.malus@fs.uni-lj.si)

Andreja Malus is a Researcher in the Laboratory for Control and Manufacturing Systems LAKOS. She is also a PhD student at the Doctoral Study Programme in Mechanical Engineering in the field of Production Engineering Sciences, Cybernetics and Mechatronics at the Faculty of Mechanical Engineering, University of Ljubljana.

Her latest research interests include multi-agent systems, reinforcement learning, and applications of the above to robotics and manufacturing systems. She also collaborated on an Erasmus+ funded project »Improving Government Practices at Palestinian Higher Education Institutions - UniGov«.
